COMMUNIQUÉ

Travel Measures for March Break and Masking Measures for KEC

Kahnawà:ke Education Center (KEC)

Kahnawà:ke, Quebec – 24 Enniska/February 2022

Travel Measures

As the KEC prepares for March break, we wish everyone a safe and happy holiday with family and friends. Some of you may wish to travel, either within Canada or internationally. Please note we advise all staff to follow Canada guidelines for travel. You may follow the link below for the most recent government guidelines on travel and safety: <https://www.canada.ca/en/public-health/news/2022/02/government-of-canada-lightens-border-measures-as-part-of-transition-of-the-pandemic-response.html>.

Travelers are advised they are subject to the host country's rules and regulations regarding COVID-19 measures and testing.

School Re-entry Requirements after Travel for KEC Staff and Students

Those who have traveled must monitor for COVID-19 related symptoms, complete the mandatory online daily health check form and follow local public health guidelines. Students and staff may return to school immediately following March break should they not exhibit any COVID-19 related symptoms.

Masking Measures for the KEC

As we have stated throughout the pandemic, the safety of our students and staff is our top priority. The KEC is aware of the recent developments highlighting the provincial wide removal of masks. However, our approach remains a cautious one; masks for our KEC schools and administrative offices shall remain in place, with regular monitoring over the next few weeks to assess whether easing those measures is appropriate for our students and staff. We will keep you updated throughout this evaluation period.

March 7, 2022 is a PED day. We will see you March 8th as we move into the last phase of our school year.
